“ **YOUR TRICKS ARE INSANE!** – ELLEN

A high-octane celebration of wonder and “**positive mayhem**” from two-time **Canadian Magic Champion** Eric Leclerc — a globe-trotting comedy magician performing feel-good magic for your brain.

You may know him as the magician who **fooled Penn & Teller** on Fool Us, starred in **Big Trick Energy** on TruTV and Netflix, hosted three seasons of **Disney+’s Tricked**, and appeared as a regular on **National Geographic’s Brain Games**. His original tricks and high-energy style have taken him from Reddit’s live Super Bowl event with T-PAIN to the stage of the iconic Rio Casino in Las Vegas.

Now he brings that same mind-bending material to the stage. Original magic and razor-sharp comedy turn the theatre into a giant party where **the audience becomes the star** — family-friendly, high-voltage, and 100% impossible.
